EVERYTHING IN SPORT LINE IS OFF FOR WEEK

No Athletic Events in Honolulu on Saturday or Sunday; Games at Schofield

POSTPONED EVENTS.
Y. M. C. A. 4th Cavalry football game scheduled for Saturday at Moiliili.
McKinley-H. M. A. football game scheduled for Saturday at Moiliili.
Punahou-Kam. football game scheduled for Saturday at Alexander Field.
Greig-Thorne golf match scheduled for Sunday at Moanalua.
Outrigger Canoe Club events scheduled for Saturday at Waikiki.
Y. M. C. A. tennis tournament scheduled for Saturday at Y. M. C. A. courts.

EVENTS AT SCHOFIELD.
32d Infantry vs. Field Artillery football team at Schofield Saturday.
1st Infantry vs. Fort Kamehameha football team at Schofield Sunday.

There will be no athletic games in Honolulu on Saturday or Sunday of this week. Word was received from Schofield late yesterday afternoon that the cavalry team would be unable to play in Honolulu, and the officials in charge decided to call off the games at Moiliili Field.

The officials of the Oahu League will meet some time next week to revise the schedule.

The games which have been scheduled for Schofield will be played, according to the latest reports. Four strong teams will be represented in the Saturday and Sunday games, and some good football should be displayed at the post.

The Outrigger Canoe club and the Moanalua Golf club have decided to postpone their events of the week out of respect to the memory of the late Queen Liliuokalani. The Outrigger club events have been postponed until next Saturday, and the final golf match between J. I. B. Greig and Willie Thorne will be staged next Sunday.

Punahou and Kam have also postponed the game which was to have been played at Alexander Field, and there is a possibility that this game might be staged on the following Saturday. The other events in athletics of lesser importance have also been postponed.

BASKETBALL AT MILLS BRINGS OUT FAST PLAY

(Special Star-Bulletin Correspondence)
MILLS SCHOOL, Nov. 16.—Basketball is making rapid progress at the Manoa institute and three games were played during the past four days. Yesterday, the Sophs, who were beaten by the Freshies, came back strong and took a game away from the junior team by a score of 13 to 5. This game was one of the best played so far, and fouls were hardly noticed in the plays. The losers had all the chances in the world of beating the Sophs, but not a single man in the team could shoot a basket in the proper way. The five points were made after they had shot for the basket not less than 30 chances. On the other hand, the winners, though short, had lots of speed and outplayed their brothers in every department. Kan Leong played the best game for the losers, while Wah Han and Charles Woon did the best work for the winners.

Freshies 28, Sophs 10.
Last Wednesday the strong Freshies defeated the Sophomore five in a loose battle to the tune of 28 to 10. The Freshman class has one of the strongest teams in the league. Arthur E. Wyman, who knows the basketball game from a to z, is coaching the Freshies and, in order to win the championship, they will have to tackle the senior squad which is not an easy task. No one in school can pick the winners when these two teams meet. In the Freshman-Sophomore contest, Kelly Kim, Young Yuen and Alfred Stephens showed the best form while none of the players from the losing team started.

ST. LOUIS SENIORS WIN FROM GRAMMARS

Excellent passing and teamwork gave the Seniors of St. Louis a victory over the Grammars yesterday. In the first half the younger students played a fast game, but the more experienced boys showed an improvement in the second half, and ran up a number of points.
The lineup of the teams was as follows:
Seniors—Rodrigues, Markham, W. Bruhn, forwards; Cushingham, center; Ahu, Kahookeli, and Bettencourt, guards.
Grammars—Lee and J. Bruhn, forwards; Lindsey, center; W. Hayselden, Dominguez and Aki, guards.
Field Baskets—Markham, 4; Rodrigues, 2; Kahookeli, 2; Aki, 2; J. Bruhn, 1; Lee, 1. Foul goals, Rodrigues, 2.
Brother Andrew, referee; Brother Andrew, timer; John Kahanah, scorer.

"TICKLED TO GET CUT OF IT" SAYS WALTER MCCREDIE

Beaver Boss Expects to Make More Money in Northwest; Los Angeles Cheap Town

Walter McCredie fears for the future of the Coast league. Walter has quite a lot to say about throwing out Portland and taking in Sacramento.

"I think it is a step backward," was Walter's comment recently. "When the league throws out towns like Portland to take in villages like Sacramento they are going back to the stuff bush leagues are pulling."

"It is folly to compare Sacramento or Fresno with Portland. We had a bad year, I will admit. So did baseball all over the country. The biggest cities in the East failed to draw. The war has had its effect and baseball will suffer until the war is over. Then I look for the sport to build up again. In one sense the transportation to Portland is a bad feature and yet Salt Lake offers more difficulty in that regard."

"Take Los Angeles for instance. It is the cheapest town on the coast and still they had the most to say about throwing out Portland. We gave the league far more than Los Angeles did if you consider all the years we have been in baseball. We had one bad year and they are all on us to throw us out. Los Angeles will never be a good ball town. It is a tourists' town and that lets it out."

"Fresno does not figure to get by in Coast league circles either. They will be enthusiastic about it at the start but interest will wane after awhile. "I can make more money with my town in a Northwestern league. It is only a short ride to Seattle and Vancouver. All the towns around there are bunched. We have a good population to draw from and it is getting better all the time. Seattle is building up on account of its war industries."

"I will say this, however, Sacramento will have to come through with enough money to recompense us for our ball players or they cannot get in to the league. They don't figure to get in for nothing, do they?"

JAPANESE MAKE GOOD WITH OARS

Noted Oarsman Who Coached in Honolulu and Tokio Says Japan Likes Races

NEW YORK.—John Regan, prominent in amateur rowing circles, and member of the Metropolitan Rowing club of this city, was the pioneer in introducing sculling in Japan and Honolulu. He made a trip to Japan and the Hawaiian Islands a few years ago, staying for several weeks in Honolulu and Tokio.

He found that rowing men in those cities used only stationary seats, and the merits of sliding seats were totally unknown to them. Members of these clubs occasionally went to England and the United States on business trips, taking their rowing enthusiasm along with them. Naturally, they visited the rowing clubs of those countries, and Mr. Tsato, a prominent banker of Tokio, and member of the rowing club in that city, was one of these men.

Later he was appointed United States manager of a Japanese bank in this city, came here to live, and enrolled in the Metropolitan Rowing club. Later he returned to Japan and is now manager of the Industrial bank of Tokio.

Mr. Tsato described so vividly the attractiveness of shell-boat rowing to his fellow members that he sent to England and had several singles and four-oared shells built. He writes Mr. Regan to the effect that races are being held every week on the beautiful rowing course in Tokio—which, by the way, is perfectly smooth with little tide water and runs through the heart of the city—and that the banks of the river are lined with spectators when the races take place, who look on the frail shells and the speed with which the oarsmen glide through the water with amazement.

The Yokohama European Rowing club has also shells and races are being arranged between the two organizations. The latter states further that when the war is over and conditions are normal the Tokio club will undoubtedly send men to row in the national regatta in the United States.

GIGGONS GOING TO "PARLEZ VOUS" KAISER

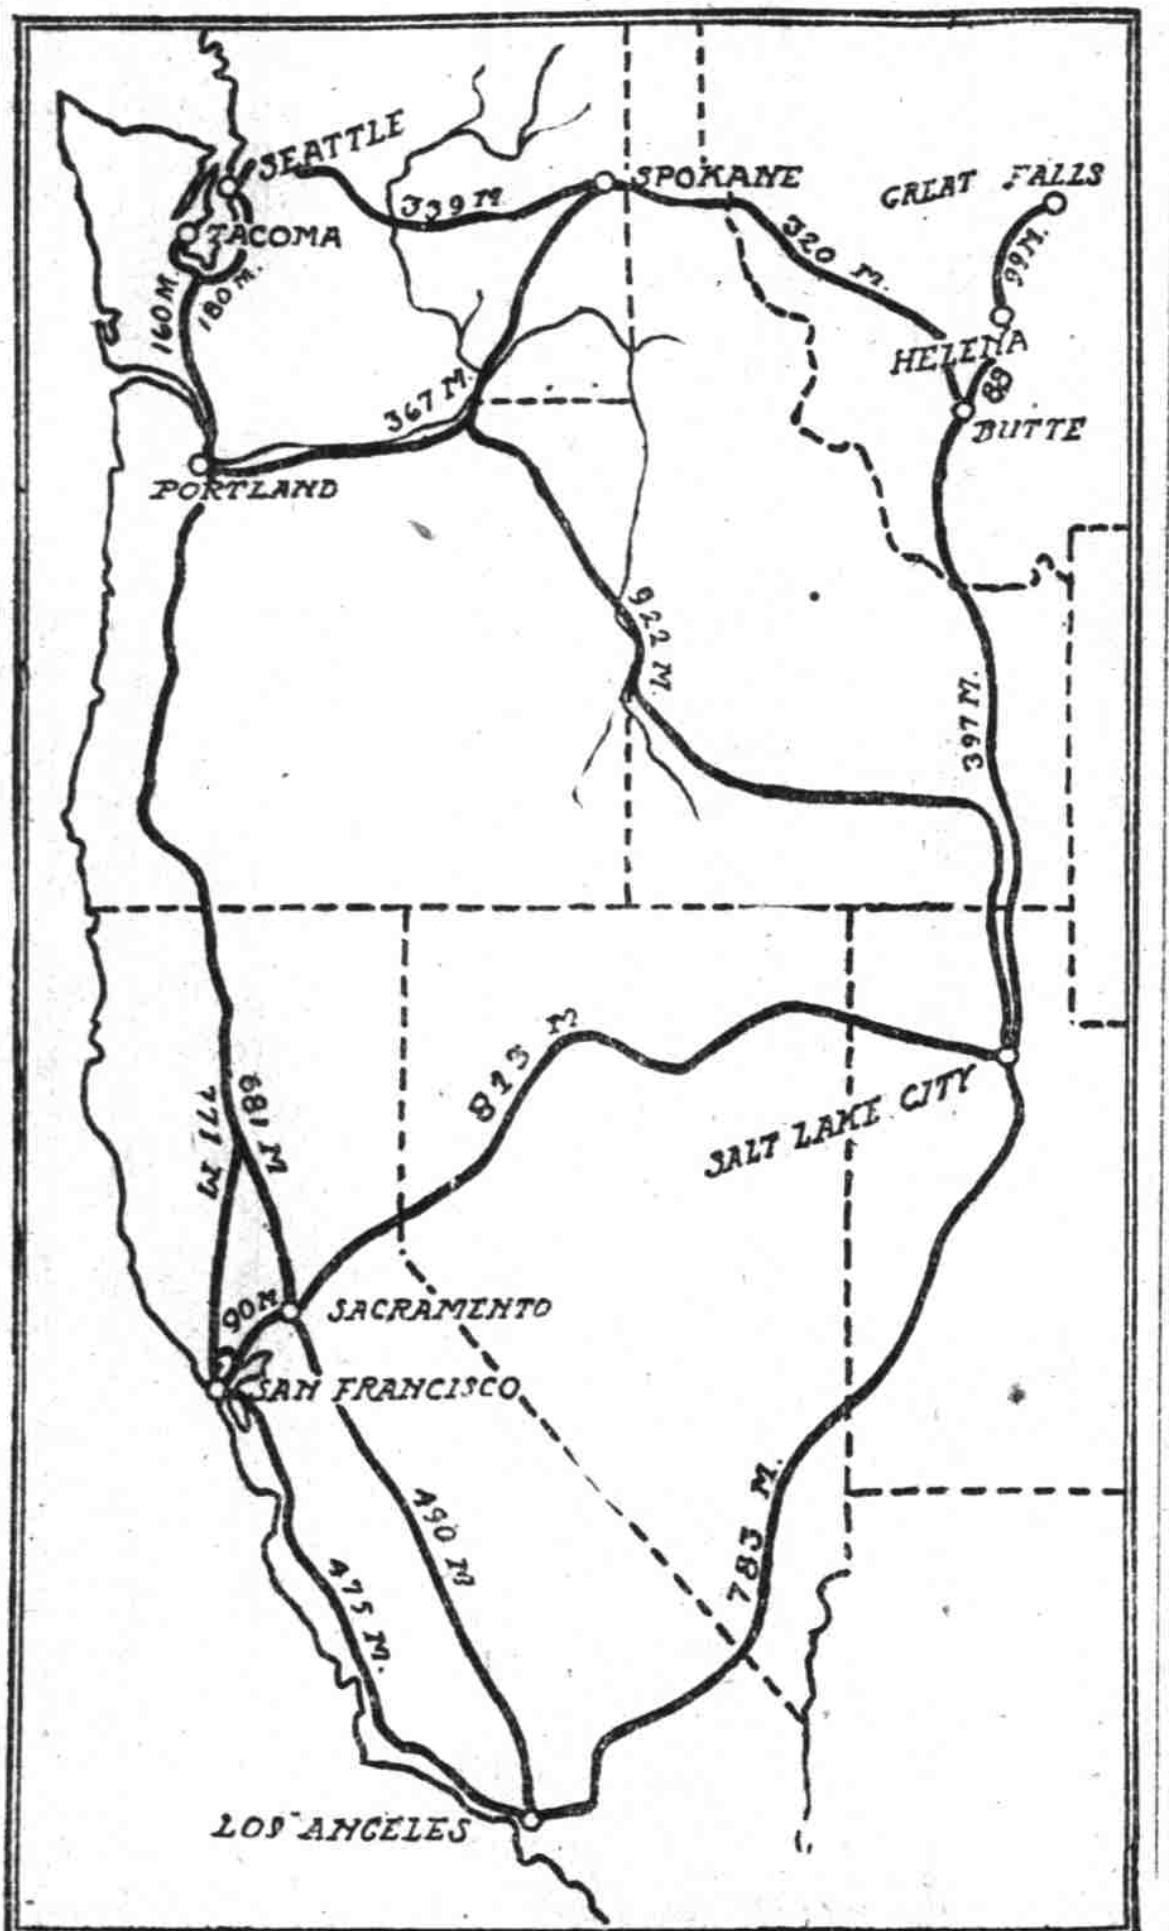

DES MOINES, Iowa, Nov. 5.—Midweight Champion Mike Giggons may go to France with American Sammler to lick the Kaiser. Such a possibility was disclosed today when it was learned from the Minnesota scrapper's training camp that the phantom is going to study French. Giggons is boxing instructor to thousands of drafted selects at Camp Dodge, Iowa.

"Mike is heart and soul in this army game and wants to do all he can to lick the Kaiser," said Eddie Kane, Giggons' manager.

Kane verified the report that Giggons is going to study French. Giggons starts training here this week for a ten-round bout with Harry Greb at Pittsburgh, Pa., Dec. 4.

Ideal Baseball Alignment Sought For Season of 1918

Many Changes May be Made In Western Baseball In '18

Transportation Expenses Has Cut Into Pacific Coast League to a Great Extent—Baseball Men Have War Duty to Perform—With Portland and Seattle in Same League Baseball Would Boom Throughout Northwest—May Be Three Leagues

Now that Portland has been allowed to drift away from the Pacific Coast League the Honolulu baseball fans will be much interested in the circuits which will likely be formed next season. Salt Lake has made baseball pay, but the distance from San Francisco and Los Angeles has been so great that some of the moguls have objected to the Utah city.

Honolulu fans will naturally have a warm spot in their hearts for McCredie and his Beavers, as the crew from the Rose City were the first and only team to train in the Paradise of the Pacific. Portland and Seattle are old rivals and the new alignment as presented in the drawing shows conclusively the necessity for a readjustment of the leagues.

Baseball men have a war duty to perform. "The masses, the war laborers, the returned and furloughed soldiers must be entertained," said Adjt. Gen. McCain to Ban Johnson, president of the American League, at Washington recently.

This rule applies not only to the majors but also to the Pacific Coast and the Northwest.

Seattle, Tacoma and Portland have their shipbuilders, their longshoremen and lumbermen. These three cities have never known greater prosperity than affects them today.

San Francisco, Oakland and Los Angeles have their shipbuilders. These cities, too, are prospering. Butte, Great Falls, Anaconda and Salt Lake have their miners. In these cities there is a prosperity, too, which is filling the banks with more money.

"Such entertainment is not unprofitable. It keeps the human upon whose efforts the war must hinge keyed up to his top speed. It makes him happy and healthy and as such more efficient," continued McCredie.

Realizing this duty, the baseball men are trying to arrive at the best arrangement for carrying it out at the least possible loss.

The soldiers leaving for the front have deducted the margin of profit under the costly present arrangement of the Pacific Coast League and they must accordingly arrive at a less costly but just as popular plan whereby the stay-at-homes can be entertained.

Close students of baseball believe that the arrangement arrived at will be something like this:

1. Northwestern League composed of Seattle, Portland, Tacoma and Spokane.
2. Mountain States League, composed of Salt Lake, Butte, Great Falls and either one or three clubs from Ogden, Anaconda and Helena.
3. California State League, composed of Los Angeles, San Francisco, Oakland and Sacramento.

SCHOFIELD WILL BE CENTER FOR GRIDIRON GAME

Fort Kamehameha Team Will Make First Appearance at Schofield Sunday

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Nov. 15.—Schofield football enthusiasts will have the opportunity of witnessing two good games the week-end, one an exhibition contest between the 32d Infantry and Artillery eleven, the other a regularly scheduled game of the Oahu League with the 1st Infantry and Fort Kamehameha squads as opponents, scheduled for Saturday and Sunday, respectively. The games will be played on the 32d Infantry gridiron at Castner.

The 32d Infantry eleven appears to have struck its true form, as was evidenced by the signal defeat of the Coast Defense last Sunday. Having an open date in the Oahu league, Coach Bracken of the 32d Infantry decided to play the artillery to keep his players in shape. Bracken certainly has a galaxy of stars in Gray, Steger, Fleishman, Mathias, Tuszing, Ske, Rasquin and others, and if he can keep this bunch keyed up to the right pitch, should finish the season without further defeat. In such games as the artillery team has played they have been victorious, among their wins being one over the Towa team.

The 1st Infantry has been working hard in preparation for the game with Kamehameha. This will be the Coast Defense's first appearance at the big post and a large crowd should greet the first blast of the referee's whistle Sunday, as the interest and partisanship in the two infantry teams of Castner is pretty evenly divided and the fans are anxious to get a line for comparison of the two teams, the 1st and 32d Infantry eleven's clash. Thanksgiving Day afternoon. The baby regiment defeated the Cosmopolites last Sunday and for that reason the result of Sunday's game is expected to give the fans a dose sheet. Bogham, who did such heroic work in last Sunday's game against the cavalry, is counted upon, as are Spooner, Pemberton and several others, to make substantial gains for the infantrymen.

ENGLISH JOCKEY IS TORTURED BY GERMAN TROOPS

PARIS, Nov. 3.—"Snowy" Williams, for years an English jockey riding at the French race tracks at Chantilly, Maisons Laftite and Paris, has arrived here, en route for London, where he is to be presented to King George V, after undergoing one of the most harrowing experiences of any soldier in the great war and escaping from the hands of the enemy in the oddest manner conceivable.

With a French comrade who had been captured with him in Albania, Williams was tied to a tree by Bulgarian troops under the leadership of two Prussian officers, and kept there for seven days and seven nights. During that period the French soldier, by twisting his head toward his left shoulder gnawed through the rope that bound him there and then wriggled himself loose and fled to the English.

HENDERSON WINS IN HARD MATCH AT Y. M.

George B. Henderson defeated Mark Johnston in a hard tennis match yesterday afternoon at the Y. M. C. A. tennis courts, 6-4, 7-5. This match was perhaps the hardest fought since the tournament began. The players battled until dark in the last set, and only by making a number of hard drives did Henderson take the last game and match.

G. M. Canario won a set from William Punahou 6-4. The second set went to six all when darkness intervened. The play was fast throughout, and there promises to be some interesting plays when they meet this afternoon to resume play. Dr. Williams will meet the winner of this match in the semi-final, and the winner will then meet Henderson in the final match on Monday.

The master of the barque Colonial Empire, which recently went ashore near Port Elizabeth, has been found to be a Montenegro sword as a present for the Armory of the Tower of London. It is proposed to place it among the collection of swords presented by the allied nations now in course of formation at the Tower.

COMMITTEE WILL MEET TO DISCUSS VOLCANO CLASSIC

Representatives Asked to Meet Monday Evening to Plan for Hilo-Kilauea Race

Followers of athletics in Hawaii are beginning to take a real interest in the Volcano run, which will be held on the Big Island, January 6. Honolulu has already lined up one team, and efforts are being made to send at least five teams to Hilo in January.

A meeting of all those interested in the big event will be held at the Pan-Pacific rooms at 244 Hotel street on Monday evening at 7:30. At this time the various representatives of schools, regiments, communities and athletic clubs will be asked to outline some plan to raise funds for sending a team to the Volcano.

Representatives Asked.
Representatives will be especially invited from Mills school, Kamehameha, McKinley, Punahou, St. Louis, Pan Pacific club, Army and Navy Y. M. C. A., National Guard, 1st Infantry, 2nd Infantry, 32d Infantry, 4th Cavalry, 1st Field Artillery, 9th Field Artillery, 25th Infantry, Fort Ruger, Fort Kamehameha, Fort De Russy, Fort Armstrong, Ewa, Waipahu, Aiea, Waiakua, Kahuku, Japanese High school and representatives from the various nationalities of the city.

Mills school wants to enter a team in the big race, and the boys at the Manoa institution have a plan to subscribe five cents each week for a period of weeks. Some of the boys are going to give a dime, while others may give more. The Mills students believe that they can win the big race which would give the school a handsome cup and place that institution on a high pinnacle in athletics.

Question of Funds.
This scheme could be worked out with the other schools, regiments and organizations. If Mills with only 200 students can raise this amount it is certain that the various regiments with close to 1000 men each could raise funds to send a team. Five cents from each man in any one of the regiments for three weeks would raise enough to send a representative team to Hilo.

The local committee earnestly requests that all those who are interested in sending teams communicate with the sporting editor of the Star-Bulletin at once. Here is an opportunity for Shannon, Quinn and a number of others to interest themselves in the big race.

There isn't much time to prepare for the big event, and it is up to the followers of athletics in Honolulu to show Hilo that the local devotees of sport can go them one better. Hilo has two teams in training now and will perhaps have another.

The committee has asked that representatives of all organizations interested be present at the meeting at the Pan-Pacific club rooms on Monday evening. The committee has a number of plans in view which can be successfully worked out by the various organizations.

HONOLULU BOYS WIN HONORS IN HARVARD RACES

David L. Withington and Ernest Mott-Smith Capture Big Events in Fall Regatta

David L. Withington, Jr., son of L. Withington of this city, captured the honors in the Harvard fall rowing regatta at Cambridge, Mass., on October 31, when he won the Comp race over a half mile course, defeating Gillett of Washington by 100 yards. He also added to his laurels by pulling an oar in the winning eight.

Ernest Mott-Smith, Jr., son of Ernest A. Mott-Smith of Honolulu, defeated Fred Fisher in the wherry race. Fisher led the Honolulu boy for most of the distance, but Mott-Smith spurred and won out by a length. Fisher was the winner of this event in 1916. Both boys are former students of Punahou, where they were leaders in athletic activities.

STUDENT RALLY SET FOR TONIGHT

This evening at 7:30 o'clock in the Y. M. C. A. games hall, a big student rally will be held at which Fred B. Smith will deliver an address. Boys from Punahou, McKinley High, Kamehameha, Honolulu Military academy, Mills school and College of Hawaii are especially invited. Godfrey Berkman will lead some rousing singing at the start, with Glenn Jackson at the piano.

The big mass meeting for men only at the Bijou theater on Sunday evening at 7:30 o'clock is the only event of that day. The Y. M. C. A. orchestra will play a concert from 7 until 7:30. Mr. Smith has announced one of his masterpieces for this occasion. All men are invited. The committee hopes for a large attendance from the army

KAILANI AND KAAHUMANU TO PLAY IT OVER

Football Game at Kam Field Ends in Dispute: Kaahumanu Scores One Touchdown

Kailani and Kaahumanu schools will be forced to battle once more for victory. On Thursday afternoon, the two teams met on Kam field and when Kaahumanu walked off the field the authorities decided that the two school squads would have to play it over.

During the first three-quarters the game was very slow. In the third quarter Ah Toon Ho of Kaahumanu received a forward pass and scored a touchdown. Kailani received the ball and gained a number of downs, and then Solomon Kinn carried the ball 15 yards on a criss-cross play. With the ball on the Kaahumanu three-yard line one of the timers called the game. The other said there was still five seconds to play. Kaahumanu walked off the field, and there you are. Sam Hipa, Ah Tung and Solomon were the star players for Kailani.

The lineup follows:
Kailani—Ah Tim, q.b.; Solomon Kinn, r.h.; Sam Hipa (capt.), l.h.; Ah Tung, c.; Kam Dick, c.; Pasqual May, r.g.; Kam On, r.t.; Hisashi Mukida, r.e.; Wah Soon Shin and Geo. McCarty, l.e.; Kula Ahuna, l.t.; Malchi Itagaki, l.e.; John Lee Kong, Ah Wang, Ah Yun, subs.
Kaahumanu—Norman Markham, q.b.; Goro Ogawa, r. h.; Yoshio Fukumachi, l.b.; Mamoru Mural, l.h.; Saichi Matsumoto, c.; Kazumasa Okada, r.g.; Fook Hing, r. t.; Ah Toon Ho, r.e.; Buichi Kimura, l.e.; Noah Kanawao, l.t.; Masao Hamamoto, l.h.
Referee—M. De Corte. Umpire—Archie Hoapili.

REPLY TO MELIM LETTER BY H. S.

W. W. Brier Brings Out Some Points Regarding Controversy With Town Team

Sporting Editor Star-Bulletin.
Sir: The second town team, headed by Harry Melim, in a letter published by the press this morning, makes the statement that Punahou has forfeited a game with them for no other reason than a desire not to live up to the Inter-scholastic League requirements. The game was scheduled for the 24th of this month as an extra game, not counting for the league championship. Punahou's forfeit was mailed over a week in advance of the game. The Townies seem to overlook the fact that they have not observed as close rules of good sportsmanship as the Buff and Blue representatives. Twice this season the have agreed to meet the Punahou and McKinley football teams in midweek practice games and failed to materialize. Not only did they fail to put in an appearance, but made it a point to play some other team on each occasion during the same afternoon scheduled for the practice game. Furthermore, they have not arranged to procure officials for the extra Inter-scholastic League games with these two schools, and it has been a matter of regret at both McKinley and Punahou to see a team fall in its responsibilities to its competitors when those competitors were considerate enough to allow the Townies to enter the league competition.

When this team can offer a suitable excuse for not observing its own agreements with Punahou it may be time for an objection to be raised against the forfeiting at the "eleventh hour" of an extra game such as the one mentioned in the town team's letter.

W. W. BRIER,
McKinley High School.

and navy as well as civilians. No charge for admission.
Next Tuesday evening at 7:30 the Young Women's Christian association will conduct a women's mass meeting in the Mission Memorial hall at which Mr. Smith will deliver his leading address to women. On Wednesday morning he goes to Hilo, returning Saturday, November 25, in time for a Japanese men's mass meeting in the Nuuanu Japanese church.

On Sunday morning, November 25, Mr. Smith speaks in the Methodist church. He will deliver the address at the formal dedication of the Army and Navy Y. M. C. A. on that Sunday, November 25. In the evening he conducts another large men's mass meeting at the Bijou theater.

On the orders of the Council of Workmen and Soldiers' Delegates of Sevastopol and Simferopol, M. R. bushinsky, one of the most prominent members of the mercantile and financial community of Moscow, has been arrested at Alupka. It is stated that M. R. bushinsky has inaugurated a great scheme for industrial mobilization at some later date.

The Austrian military authorities have issued an urgent appeal to the public to contribute old clothing and linen for the troops in the field. The appeal has been issued "only under the pressure of inexorable necessity."

Australia's beautiful and saintly dancer with Ivan Bankoff's Ballet Russe, November 21, 22, 23, 24—Adm.
